band and hooded sprayers

band and hooded sprayers

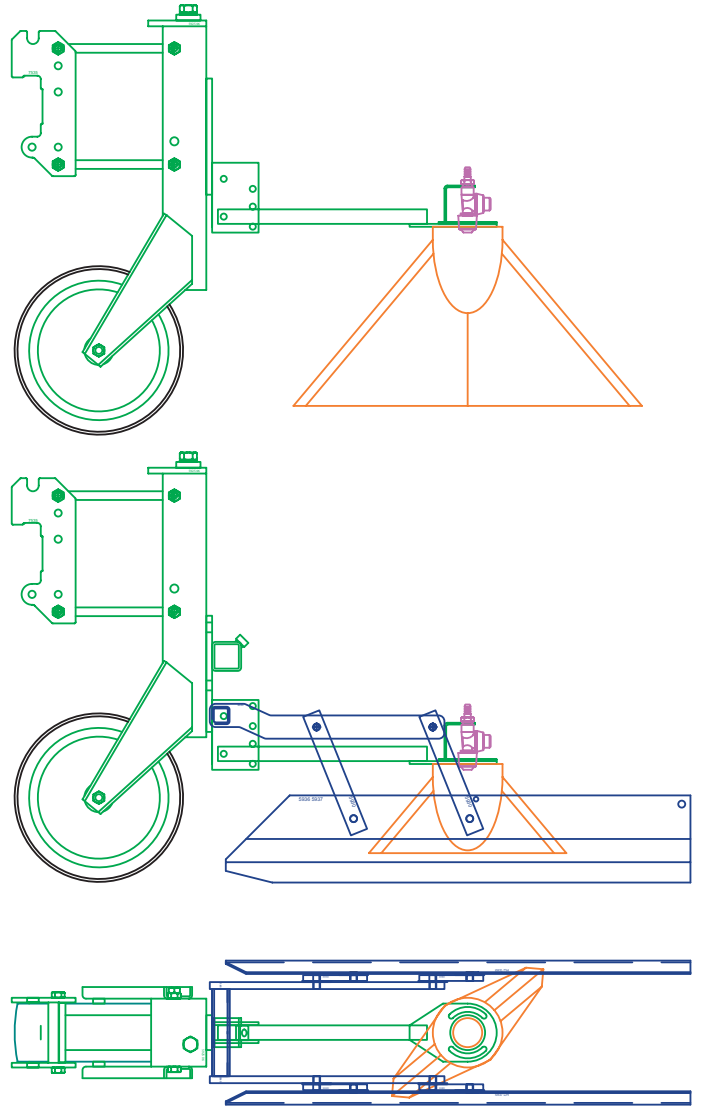

Hooded Sprayers

- Tough polyethylene hood
- Breakback action
- Parallelogram wheel unit height control
- Quick and easy bandwidth adjustment via swivel action
- Diaphragm check valves
- Integrated tanks up to 400ltr or front mount tanks to 1000ltr
- Bands from 10cm to 65cm possible.
- Additional soil engaging crop protection shields for added plant safety.
- 2 sizes of spray hood, 30cm and 60cm
- Evenspray nozzles recommended for improved spray pattern.

Bandsprayers

- Bandsprayer nozzles can be fitted as singles or twin nozzles per row.
- The bandsprayer nozzle has 4 modes of adjustment – height, angle, rotate leg, rotate fan.
